- There will be trained and competent personnel supervising the bump-in/out of the ride/device.
- If the ride/device includes moving parts, there will be a suitable barrier erected to prevent access to the ride/device or users/riders. The barrier access gates must also have a locking mechanism.
- The ride/device will be registered and maintained by competent and authorised personnel and in accordance with the manufacturer's instructions.
- Appropriate safety restraints/equipment on the ride/device as appropriate such as harnesses, seatbelts, safety/soft fall mats will be used.
- The ride/device will be checked each day before operation and complete an operated run without passengers each day before operation. Records of these checks will be recorded in a logbook and be available for inspection by the Te Pae Christchurch Health, Safety and Security Manager.
- Ride restrictions as per WorkSafe NZ registration and the manufacturer's specifications will be enforced including height, weight and loading capacity restrictions.
- Safe public access and egress routes will be provided at all times.
- Inflatable devices, when used externally, require wind rating as specified by the manufacturer to be monitored and adhered to by the operator. This information is to be readily available.
- Logbooks, Operating Manuals and Maintenance Manuals (including emergency procedures) will be available on site. Logbooks include details of the erection and/or storage of the ride/device.
- Hold public liability insurance for the activities proposed in this form for a value no less than NZD\$10 million.
- A copy of the WorkSafe NZ registration for the amusement equipment and relevant permit to operate the equipment.
