<input type="checkbox"/> Department staff informed	<input type="checkbox"/> Hazard/equipment isolated
<input type="checkbox"/> Protective equipment required (specify below):	<input type="checkbox"/> Other (specify below, e.g. extraction/LEV):

Additional Information

Please ensure the following information is adhered to before commencing electrical work at Te Pae Christchurch:

ELECTRICAL WORKS CHECKLIST:

- Identify the power isolation needs and location.
- All equipment is to be in good condition (e.g. power meters, testers, etc. must be inspected prior to use to ensure they are fit for purpose and have a current safety inspection tag).
- Task specific fire extinguisher is to be readily available (CO2).
- The electrician or nominated person must be competent to use the fire extinguisher.
- Contact is to be made with the Health and Safety department to ensure the fire alarm system is protected/isolated if appropriate.

REQUIREMENTS WITHIN THE WORK AREA

- Area to be checked for combustible materials which must be removed before work can commence. this can include paper, cardboard, dust, lint, debris, flammable liquids and oily deposits.
- Electrical wiring is to be mechanically protected or secured/taped down to the floor.
- Flammable liquids/chemicals removed from work area or stored appropriately.

Permit Form

ELECTRICAL WORK

- Area to be screened, protected and safety signs to be displayed.

ELECTRICAL LEADS

- Leads are to be run around the bottom of the walls or mechanically protected.
- Cables may have 3 or 4 pin plugs.
- Te Pae Christchurch must be informed if electrical leads are required.

COMPLETION OF WORKS

- Ensure that any fire alarms, protection devices, isolations have been re-instated and put back into service.

Declaration

- I declare that I have read and understood this permit and have completed this form to the best of my knowledge.

Date:	
-------	--

Once the sections above have been completed, please submit this application form. The following Mandatory Safety Requirements will be reviewed on the day the work is taking place.

Mandatory Safety Requirements

It is the responsibility of all persons conducting a business or undertaking (PCBUs) and their staff to ensure that the Health and Safety at Work Act 2015, applicable legislation, procedures and safe work practices are followed, as far as reasonably practicable, to protect the health and safety of all persons.

All work areas will be checked for obstructions and blind corners for signage to be located prior to the commencement of work.

All electrical leads will be located around walls where possible. If required to cross a walkway, mechanical protection must be used to secure the lead. If required to cross a floor or around a stand, the lead is to be secured/taped to the ground.

Electrical tools and cables are to have been electrically inspected and tagged prior to use.

Declaration of Understanding

All workers taking part in the task are to sign to declare that they have read and understood the above Mandatory Safety Requirements:
